

**ADDENDUM TO
Individual Authorization Letter -- CANADA**

Date: _____ Individual's AuctionACCESS ID: _____

This form is an addendum to the Individual Authorization Letter signed by Individual regarding information disclosed thereon to Subscribing Customers, as those capitalized terms are used in that Individual Authorization Letter.

The Individual agrees that the information is collected for the following purposes: (i) for conducting credit verifications, assessing credit worthiness and monitoring credit status from time to time, assessing whether personal guarantees or other forms of security will be required from him/her, and assisting in collections; and (ii) verifying his/her identity in an effort to prevent or reduce fraud resulting from impersonation. AutoTec requests the SIN or driver's license numbers in order to facilitate the expeditious processing of this application and is optional. Only credit analysts and managers of the Subscribing Customers working on the Applicant's account will have access thereto. Information requested herein shall be held by AutoTec at 2200 Woodcrest Place, Ste. 120 in Birmingham, Alabama 35209 (United States), where such information can be accessed and/or corrected, if incorrect or incomplete, by sending a written request to AutoTec's Customer Service Manager. It is also available electronically to Subscribing Customers in a variety of locations in Canada and the United States. Because it is stored in the United States, the USA Patriot Act may apply to disclosure of this information to the United States government.

Subscribing Customers may also disclose information regarding the financial status, payment history and paying habits of the Individual amongst themselves and their affiliated businesses so that such businesses may better assess the credit-worthiness of the Individual when offering their own products and services. If the Individual does not wish his/her personal information to be so disclosed, he/she may send a written request to AutoTec at the address above.
